As you know there has never been any obstacle in scheduling Pretorius' deposition. I'm sure he will be free on multiple days between now and December, the close of expert discovery. Given these facts, a reasonable lawyer would simply consent to a postponement. But of course I knew you wouldn't. I'll file my motion for protective order and advise Dr. Pretorius that he need not appear.

I have properly noticed the deposition of Dr. Pretorius and intend to take his deposition as scheduled. There is just not sufficient time to do otherwise. As for Dr. Shear's deposition, 10:00 is fine and I will advise the reporter.

Ellis:

As I previously indicated, since you are 2 months late on your delivery of Frey's report, I will request that the Court preclude his participation in these proceedings. Until the Court rule's on that motion and/or Frey's report is provided, I will not permit you to take Dr. Pretorius' deposition. Let me know if you consent to postpone Pretorius' depo or whether you require that I file a motion for protective order.
